

## DIY Phone Holder

### **Supplies:**

1. Toilet paper roll
2. Markers, pencil crayons, decorative markers
3. 4 Push pins
3. Optional: Glitter, stickers, tissue paper, decorative paper, sparkly rhinestones, or glue.

### **Steps:**

1. Take the toilet paper roll and cut two diagonal slits to form an angle along the roll.
2. Decorate it with whatever materials you choose.
3. Push the pins into the bottom 4 corners of your roll.

HINT: If you have an iPad or large Tablet, you can use a paper towel roll instead for your stand.

Did you know? Your phone holder is also an amplifier?!? Try it!
